Conference Invitation

On behalf of the Ecumenical Primary School Erasmus+ Team,
I am pleased to invite you to our

“Good practices and Innovations in English Teaching at an Early Age”

conference that will be held on October 15, 2016.

This conference is the 'brainstorming' introduction of our Erasmus+ project and wants to give an insight into good practices and innovations of the different aspects of language learning.

The representatives of the six participating countries (England, Greece, Hungary, Lithuania, Spain, and Turkey) bring together their best ideas to the roundtable discussions and the lecturers add their own experiences to the topic.

Please, respond to this invitation on the e-mail address below before October 5, 2016 to R.S.V.P.

We look forward to your presence at our conference.

Respectfully Yours,

Járó Ildikó

Conference Chairperson
